

REIMAGINE THE POSSIBILITIES . . .

“My passion is to change society’s response to people whose lives have been impacted by long periods of separation from family, friends and community, and close the gap between what is and what ought to be.”

Author, Speaker, Filmmaker, Social Justice Advocate – Doris Mangrum sparks her audiences. She is engaging, knowledgeable, and motivational. Her presentations are packed with how-to’s, everyday examples and inspiration – leaving people feeling “ready” to go out and make a difference.

People walk out of her sessions feeling they have more clarity, more direction and a greater sense of purpose concerning what needs to be done and how it can be accomplished.

STOMP OUT STIGMA

Stomp Out Stigma offers a myriad of effective ideas for programs, community outreach, individual involvement as well as valuable information to enhance understanding of the diverse challenges experienced by children, families, communities wedged in the incarceration maze. Knowledge gained can be immediately implemented with minimal to no cost.

USING KALEIDOSCOPIIC THINKING AND SEEING TO GET WHAT YOU WANT

Examines how using whole brain thinking and seeing can help one reimagine the possibilities. Participants will go on an adventure of what - could be - when one frees themselves to think and see kaleidoscopically.

THE SAIDIANA EXPERIENCE

The Saidiana Experience is an interactive/multimedia production that provides an overview of the challenges people impacted by incarceration may encounter. The session delivers comprehensive information concerning this national emergency affecting multiple millions of people throughout the country. Regardless of the participant’s knowledge about the problem, The Saidiana Experience (TSE) offers substantive material designed to enhance their understanding, and help remove some of the factory installed framework that may be blocking their potential ability to “trade up” to another perspective of the crisis.

For people who—

- Are compassionate leaders**
- Want to build on their legacy**
- Want to improve public safety**

Help people—

- Become the change they want to see in the world**
